I now do all of my designs using pre made Templates that can be modified to suit your needs. With a choice of over 100 pre-designed templates for you to choose from, I can have your website up and running a lot quicker than if I had to build your site from scratch, PLUS you get a choice of some very nice designs. I am constantly designing and acquiring new themes to choose from on a monthly basis, and you can choose one at your free consultation appointment.

Please note\* I no longer do large e-commerce sites that involve having to have a database, as it takes up far too much time and is costly both to myself and the client. I still do your Standard Business Contact Forms, Blogs, Podcast Pages, Video and Online Store.

### **Things you can modify in a pre-made theme:**

Almost all aspects of the theme can be customized to your requirements.

Here are just some of the things I can change for you.

- Site / company logo or banner (flash or non flash)
- Title
- Slogan
- Sidebar location (left/right) and visibility
- Content width
- Content background color
- Header colour
- Header image
- Body (Background) colour

## Prices

Rather than charging hourly rates for my work, I now charge on a page-by-page basis, which is a much cheaper option for my clients.

Below are the New Set Fees for a web page no matter how much content is on a page!

\$70.00 Per Web Page (with no limit as to how much goes on a page)

A Deposit of half the price of your website will be required before the commencement of your project, and the rest payable upon completion, before receiving your site.

If you do not already have a web Hosting plan or a Domain Name, and require one at an extra cost here are some great cheap packages hosted by Crazy Domains.

I choose to use Crazy Domains, as they are fast, reliable and cheap.

## Domain Name

\$12.95 per year for a (.com.au)

\$12.95 per year for a (.net.au)

\$12.00 per year for a (.com)

## Web Hosting Packages

### **\$54.00 Per Year**

- 1,000MB (1GB) Space
